

Environmental Policy

Camo Ltd t/a Simply Waste Solutions have a strong commitment to the prevention of pollution and the safeguarding of the environment. This is underpinned by the concept of sustainable development, including Waste to Energy, Pre-Treatment and Recycling.

Every year, Simply Waste Solutions will review our processes in this regard and measure our effects on the environment and through the implementation of technology and infrastructure and will look to minimise any negative effect every year.

Best Practice will always be adopted and through close relations with our customers, sound Environmental advice will always be high on the agenda.

At Simply Waste Solutions it is our intention is to raise the profile of Waste and its potential benefits, to minimise the effect on the environment and build a better more sustainable future for all.
